RE: Mower Bid

Date: March 27, 2025

Halley and the City Council,

The Parks and Recreation Department received the following bids for a mower which includes a trade-in allotment for the 2016 JD mower:

Carrico Implement Model Z997R – \$15,800.00

Grasshopper Model 440D – \$17,087.75

- Carrico Implement meets all the requested specifications.
- This continues the rotation of mowers for the Parks and Recreation Department. Department/Cemetery; this one will replace the route mower.
- Fund 10-18-7400 will be used for this purchase which currently is \$18,000.00.

The Parks and Recreation Department recommends the purchase of the Z997R7 mower from Carrico Implement, which meets all the requested specifications.

We appreciate your consideration of this purchase.
